Overview

- This website is connected to a Content Management System (CMS), allowing updates without editing code.
- Editable sections include:
 - - Home Page (Message of the Week, Announcements)
 - - Events Page (Upcoming Events)
- We are looking at making everything editable for ease of use
- Changes made in the CMS automatically update the live website after publishing.

How to Access the Website Editor

- Step 1 — Open your web browser.
- Step 2 — Go to: <https://omegaoutreachcenter.netlify.app/admin>
- Step 3 — Enter your login credentials.
- Step 4 — Click 'Log In'.

Editing the Home Page

- Click 'Home Page'.
- Find 'Message of the Week'.
- Delete the old message and type the new message.
- Example: "Join us this Sunday for worship and fellowship."

Editing Announcements

- Click 'Announcements'.
- Edit the current announcement text.
- To add another announcement, click 'Add New'.
- Fill in the title and description.

Editing Upcoming Events

- Click 'Events'.
- Click 'Add New Event'.
- Fill in the Event Title, Date, Time, Location, and Description.
- Example:
- Title: Fathers Day Celebration
- Date: June 21st, 2026
- Time: 12:00 PM
- Location: Omega Holiness Church
- Description: Free community lunch for all visitors.

Publishing Changes

- Click 'Save'.
- Click 'Publish'.
- Wait 1–3 minutes for updates to appear on the live website.

Adding YouTube Videos
